

What are you wondering re: building tech in right relation with beyond human neighbors?

Share in the chat throughout!

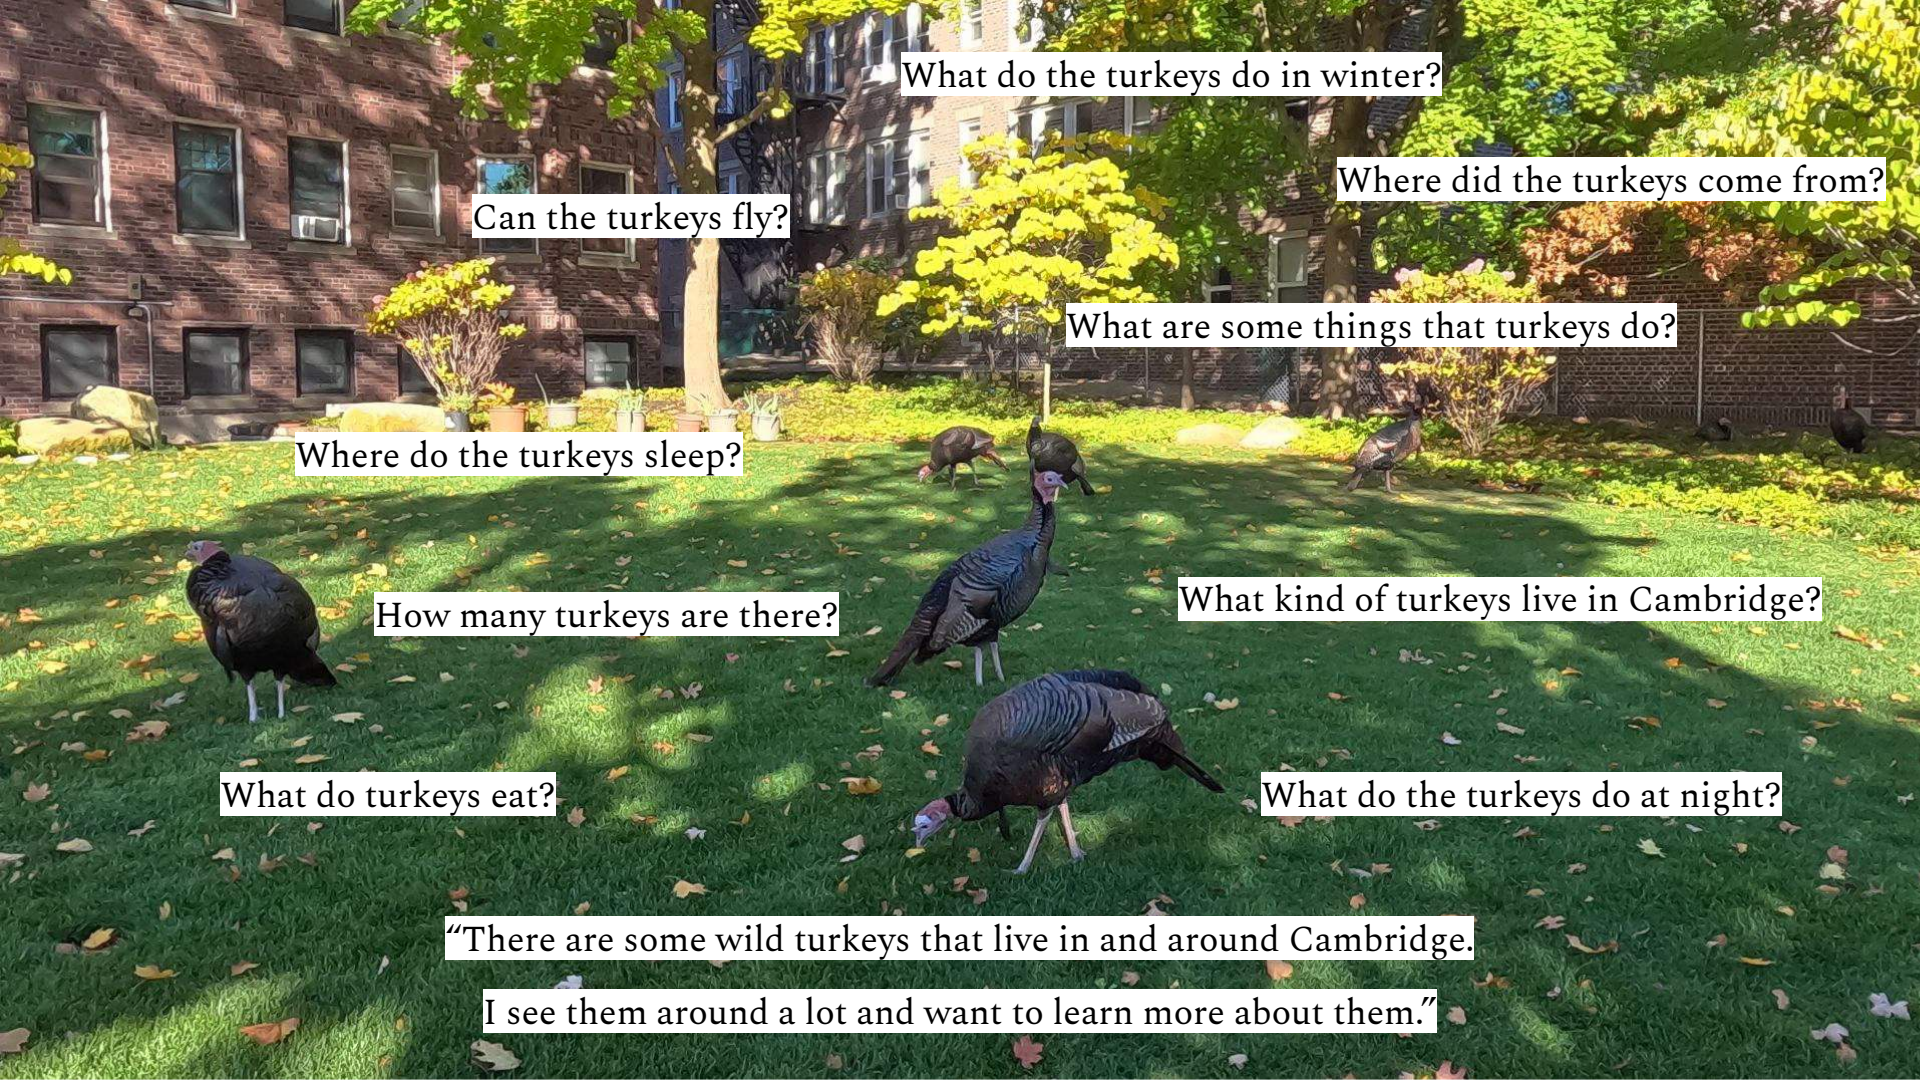

TURKEYS IN PUBLIC SPACE

Credit: [Marika](#)

Discussing relational tech + beyond human neighbors

Jeff & Quinn; Cambridge, MA

What do the turkeys do in winter?

Where did the turkeys come from?

Can the turkeys fly?

What are some things that turkeys do?

Where do the turkeys sleep?

How many turkeys are there?

What kind of turkeys live in Cambridge?

What do turkeys eat?

What do the turkeys do at night?

"There are some wild turkeys that live in and around Cambridge.

I see them around a lot and want to learn more about them."

How do the turkeys
make it work in an
urban environment
built *by* and *for*
humans?

TURKEYS IN PUBLIC SPACE

**1. Website for sharing turkey
observations, encounters, stories, photos**

**2. Handmade photo zine from
community contributions**

TURKEYS IN PUBLIC SPACE

 **New:** Turkeys in Public Space now welcomes stories & memories, not just photos. [Share yours →](#)

HAND TURKEY COMPETITION

Competition rules:

1. Make a hand turkey (trace a hand, make it into turkey)
2. Scan or take or picture
3. Upload to turkeysinpublic.space/handturkey

Winning (all?) submissions will be printed in a future volume of *Turkeys in Public Space*.

Winners will be judged based on standard hand turkey
assessment measures. Creativity rewarded.
Anatomical accuracy optional.
